A FAMILY HERITAGE OF OFFERING  
SUPERIOR SERVICE AND EXCEPTIONAL STONES

United Materials, Inc. is one of the nation's most sought-after resources for rare and timeless natural stones—all are hand-picked and curated from around the world. Globally recognized in the industry for their fair and sound business practices, UMI is the first to be called when new quarries are discovered, giving UMI the opportunity to unveil new and exotic stones long before the competition. The family-owned and operated company has spent more than 30 years building upon its solid foundation of superior-quality service and superior-quality stones. As a result of this dedication to their clients and products, UMI has become a leader in its field and is an exclusive distributor for Vetrazzo, Antolini Preciousstones and Pompeii Quartz, among other lines. To meet growing consumer demand and to provide greater convenience to its customers, UMI is proud to introduce a third location, now in Palm Beach County and serving all of Southeast Florida—a full-service, state-of-the-art beautifully outfitted showroom in Boynton Beach that offers one of the largest selections of premium stones, such as marble, onyx, granite and quartz, in the state.
